In another case a young man was placed under a six month suspension for theft involving the stripping of a car at Barrhead.

B.C.M.P. officers stationed at Watlock had notified Constable Wilson of the theft and that the party involved was thought to be working in this area.

Constable Wilson went out to Brezau Dam and there a search turned up a spare tire, a Spoke Wrench, Car Radio, a fan, car chain, clearance lights, 7 and battery from the stripped car and brought the young man in whose possession they were found to court in Drayton Valley where the Magistrate sentenced him to the six month suspension sentence.

Parking Meters

For at least the past two years council has been periodically receiving complaints, requests and suggestions regarding various parking problems in the downtown area. In June of this year, council was approached with a plan whereby parking meters for the control of traffic in the downtown area would be installed under the supervision of the Meter Company for the price of \$146.36 for dual meters and \$85.21 for single meters (not installed - price would be \$106.15 for dual and \$75.00 for single).

Council procured prices from other firms handling parking meters and also contacted the City of Edmonton for surplus meters. In the case of other firms, the prices were higher and did not include any financing contract such as Duncan's. The City informed us they had no surplus meters but had forwarded our request on to the North American Distributors Ltd. who handle Duncan's.

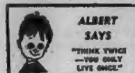

The City informed us they had no surplus meters but had forwarded our request on to the North American Distributors Ltd. who handle Duncan's.

The attractive part of the offer was that no cash outlay would be required. The meters would be supplied and installed with one single cent being paid out until such time the meter companies would become revenue bearing. From the time collection commences from the meters the meters were paid for the town would remit 50% of the revenue to collect from the meters to the company supplying the meters and would retain 50% of the revenue. If, for any reason, after one year's trial operation the town did not wish to continue with parking meters then the company agrees to remove the meters at no cost to the town. Under these conditions council gave two readings to a Bylaw authorizing the ordering of and installation of parking meters for the downtown area.

The suggestion was made in council parking by marking the vehicles' tires. However, this was tried in Ponoka and found unsuccessful and they have just recently approved the installation of meters.

WILLIAMS — MITCHELL

Photo by Curt's Studio

At a recent ceremony in All Saint's Anglican Church in Drayton Valley, Joan Alice Williams and Thomas Gilbert Mitchell exchanged marriage vows. Reverend Russell Brown performed the double ring ceremony during which Holy Communion was served to the

bride and groom.

The bride is the daughter of Mr. and Mrs. Lewis Williams of Drayton Valley and the groom is the son of Mr. William Mitchell and the late Mrs. Mitchell of Dismale, Alberta.

White gladioli were placed on the altar and baskets of gladioli and bouquets of sweet peas decorated the church. Guest poses were marked by gladioli tied with white satin bows.

Given in marriage by her father the bride chose a floor length gown of pure silk organza, styled with a sash and neckline edged with lace, shimmering bodice and full plain sleeves. The full skirt posed over a crinoline, was trimmed with appliqued lace and iridescent sequins. A Swedish crown of pearls held in place the chapel length veil and the bride carried a white prayer book over-laid with Tullman roses centered with a white orchid. The bride wore a single strand of pearls, a gift of the groom.

Miss Gail Williams, sister of the bride, was maid of honor and bridesmaids were Miss Barbara Flores and Miss Pat Vandemark. All were identically gowned in

ballerina length dinner of silk green organza with shimmering bodice and full skirts. Short gloves and matching hats of organza and net completed their ensembles. Each carried a bouquet of feathered white carnations.

At a reception for one hundred thirty guests in the Community Hall, Mr. Lynn Hall of Watrous proposed a toast in honor of the bride, Mrs. C. Cameron of Car also offered a speech of congratulations to the young couple.

A dance followed the reception in the Community Hall. For travelling to Jasper, Banff and Coeur d'Alene, the bride

The Chapel Hour THE DISCIPLINE OF DELAY

Scripture: Psalm 130, and Isa. 40:3 "I will give thee treasures of riches."

What may seem to be disappointment to us may actually be God's appointment. God's delays are not necessarily denials. But delay can be a discipline to the soul. We live in a restless, impatient age when there is so little time for meditation. We feel that we must be humbly busy all the time. We cannot understand why seeming successes are so often our lot and life seems so often futile and foolish; without plan, or purpose.

Then it is good to read the Psalmist again. Psalm 130: "Wait on the Lord; be of good courage, and he shall strengthen thine heart: wait I say, on the Lord."

THE DISCIPLINE OF DELAY IS WRITTEN LARGE IN THE LIVES OF GOD'S PEOPLE. We think of Abraham, waiting years for the promise of the son. Fifteen long years went by and still the promise remained unfulfilled. Until, in the fullness of time Isaac was born and Abraham became three-fold a father: first a father of the natural son, Isaac; second the father of a multitude of people; "as the sands of the sea and the stars of the sky." Third as the father of the faithful "of them that believe."

Joseph was faithful while in his father's house, but his brothers sold him into slavery and he spent years in an Egyptian prison, until the "fullness of time" when his brothers came down to Egypt and bowed before him, but more important, as Joseph said, "to save much people alive."

Moses was raised in the king's court, for the first of the three forty-year periods of his life, but he felt God had called him to serve and to save his people. Rejected, he spent another forty years on the wilderness of the desert, far from his people, far from the king's court, until the time of fulfillment came and the bush burned with fire and Moses started the third forty-year period of his life as the deliverer of his people, under Divine guidance with Divine help.

Hannah's home was silent and

empty to children in it. For many years, Hannah's mother heard for her daughter the childish hand. The Scriptural record says "year by year..."

Then God heard her prayer and Samuel was born and became a great judge in Israel, and two of the books of the Bible are written about Hannah's son.

Christ knew the silent years in His life. We hear of him at the age of twelve, talking to the doctors of divinity in the temple we say "What a lad of promise," but then come eighteen silent years in which we hear no more about him, except that "...he was subject to his parents..." until suddenly the voice cries from heaven at the Baptism: "This is my beloved Son..."

David, shepherd king of Israel, sweet singer and psalmist, knew this discipline of delay: As a lad he was anointed to be king over Israel. Yet long years of delay came as Nathan's queries hid him and in the Cave of Adullam, until the time finally came when he was anointed king over Israel and the people shouted: "God save the King."

DELAY NEVER THWARTS GOD'S PURPOSE: RATHER, IT POLISHES HIS INSTRUMENT.

We think of Elijah. He was called to the prophetic office and ministry in a day of great moral and spiritual declension in the northern kingdom.

He announced the judgment of the famine with all the vigor of his fiery personality; and then at the moment when it seemed he was most needed by his people, he heard this command from the Lord: "Get thee hence, and turn thee eastward, and hide thyself by the brook Cherith" (1 Kings 17:3)

Israel's famine for bread and for the word of God burned deeply into his soul; their lack of repentance grieved him; his solitary posturing position of obedience

since toward God seemed to be utterly overwhelming; to add, apparently, to his discomfort, even the brook dried up. Elijah cried "I alone am left!"

Though he was miraculously fed and went on in the strength of the meat for a long journey, the discipline was not yet complete, for there remained the silent years in the humble home in Zarephath.

But when God's hour struck, the discipline of Cherith and Zarephath were distilled into the intercessory prayer on Mount Carmel. The short prayer of sixty-three words, that brought fire down from heaven, had the years of the discipline of delay behind it.

DELAY DOES NOT FORGET GOD'S SERVANTS, NOR CAUSE HIS FAITHFULNESS TO FAIL: RATHER, IT FORTIFIES THEIR SOULS AND VINDICATES HIS NAME.

Paul knew the patience of hindered purpose. We read: "...anyway he preached Christ in the synagogues, that is the Son of God..." and we say: "well, he's away now..." but then came the discipline of the desert, where for three years he learned by revelation the glorious gospel of the grace of God. Then came a silent eight-year period, in Tarsus. But after the Arabian desert and Tarsus, he could go to Antioch and blaze an evangelizing path around the world.

The delay that instructs and prepares, saves time... it never loses it. After such a delay the messenger of God can walk with step of assurance and heart of flame.

The great missionary, Hudson Taylor, knew the discipline of delay and of hindered purpose. Invalided home after six years in China he settled with his little family in a dreary flat in the east end of London.

Outside interests lessened, friends began to forget; five years he spent in the dark street. As the years of obscurity rolled on we are told: "...prayer was the only way by which his burdened heart could obtain relief."

Time in on the old fashioned Revival Home and hear...

Charles E. Fuller

Tune in this Sunday!

But when the discipline was complete men emerged the Christ Jesus, of which Jesus Taylor was the founding father, which saw literally thousands of Chinese come to the Lord.

Delay, then, should strengthen and hasten the steps of the true Christian into the place of service.

For, in God's time, there will come the position like David's the prevailing prayer like Elijah's the place of service such as Paul saw.

CHURCH OF GOD NEWS

Another step was brought to a
completion for the Church of
God, Drayton Valley, on
Sunday September 18th, when
they observed the anniversary
of the 50th turning service
which inaugurated the building
program for the present building
five years ago.

This is one of the many steps
that this congregation has taken
in its growth across the years.
For in the summer of 1909 the
first Sunday School for this area
was organized and in 1920 the
first full time pastor was engaged
by the church. Through the
guidance of the pastor and the
work of the congregation the
first church building of the
community was brought into
being.

This building served the commu-
nity until the oil development
program was instigated. With
the influx of population the
church pattern was changed for
the community. There was the
need of a larger and more
adequate building. Under the
guidance of their pastor, Rev.
Schelch, the church again set
to work to provide for this new
responsibility. Through their
giving of their time, their ser-
vices and their Tithes and Offer-
ings from year to year the need
has been met to a considerable
degree.

In these five years it has stressed
over and over again the union of
all Christians on the New Testa-
ment model -- no creed, but the

ALBERTA'S HOMES FOR

SENIOR CITIZENS

Mr. E. Brandt, of Violet Grove,
has been appointed a director
of the Meridian Foundation, the
name of the Alberta Senior
Citizen Home in Stony Plain.

Anyone wishing to enter one of
these homes may obtain the
forms from Mr. Brandt, at Mr.
Bernie Town of Moon Lake.
Entrance to the Senior Home is
available for anyone in I.D.
77 and 78.

The home was opened for occu-
pancy on August 15th and space
is available now. The Home is
located in the town of Stony
Plain.

The home can accommodate
about fifty persons and there is
still room for quite a number.

Some forty ministers of the Uni-
ted Church conference, meeting
in Edmonton, came out to the
home in Stony Plain for a visit
on Sunday, September 18th.
There were people there from
all over Canada. From every
province in the Dominion, from
Newfoundland to B.C. All had
the highest of praise for the
work that has been done in es-
tablishing the Homes in Alberta.

Six prominent Chicago men
were named as pillars in the
will of a man who died penniless
and owing them considerable
sums. They have been wonder-
ful creditors," he will said, "and
I would like to have them carry
me to the end."

Street Paving

"Good progress is being made on
the street paving and for side-
walk program in the villages and
towns of Alberta," Gordon S.
Taylor, Minister of Highways,
stated today. Approximately
one-half, 97, towns and villages
have now completed Agreements
with the Department of Highway
A breakdown by type of work
for this is as follows:
Concrete Sidewalk Construction
Only.....47
Concrete Sidewalk, Curb and
Gutter Construction.....30
Street Paving.....20
97

Of the above, construction agree-
ments have been approved in
82. Tenders are still in pro-
gress on several projects.

The Alberta Government set
aside some six million dollars
in its five year program for the
purpose of making the towns and
villages and large hamlets more
attractive through a street pav-
ing and/or sidewalk construction

program. The towns and village
may take advantage of this
program with in a three year
period. The local authority is
responsible for setting grade line
and preparing the subgrade and
the provincial government pays
the total cost of the concrete
sidewalk or base course and sur-
facing.

The total amount of grant funds
now committed for the 97 towns
and villages is \$2,419,930.00

Many towns and villages are
taking advantage of the program
to improve their main business
streets and to place concrete
sidewalks in their residential
districts especially in the vicinity
of schools, hospitals, churches
and other community building

"This program is unique in
Canada", the Minister of High-
ways stated, "and is providing
facilities that will service our
town and rural people for many
many years to come."

Moscow Radio has begun daily
broadcasts in Swahili, to reach
East African tribes which speak
that tongue, Bulawayo, Rhodesia

Before an altar decorated with gladiolas and asters Miss Jacqueline One Wood, daughter of Mr. and Mrs. Percy Wood, of Moon Lake, exchanged wedding vows with Mr. Harold Harke, in the Drayton Valley United Church, in an afternoon ceremony, September 3, 1960.

The Rev. Albin Wright performed the double ring ceremony. Mrs. Charles Twissell played the organ. Mrs. Robert Haynes rendered two beautiful numbers in song one during the signing of the register.

The bride, who entered the church on the arm of her father, looked lovely in nylon organza over suit, floor length gown, with neckline decorated with pearls and sequins. Her water-length veil was suspended from a head-piece decorated with pearls and sequins. She carried a bouquet of red roses, with streamers of rose buds.

Attending the bride, her three bridesmaids were, Misses Sheila Vandegrift, Lillian Kuhl, a cousin of the bride, and Diane Mahan. The bridesmaids were similarly attired in blue chiffon. They carried bouquets of peach gladiolas and wore matching blue headpieces.

The flower girl, little Miss Susan Sheridan, was also dressed. Cont. on Page 11, Col. 1

Mrs. Dorothy Worthington was appointed Treasurer for the remainder of the year.

The Treasurer's report was given by Mrs. Krause, with a balance of \$425.38 left in the bank, ending with the month of August.

It was also brought to our attention that since we have moved into the new library our adult membership has increased double but our children's has dropped off. Lions Meeting

Drayton Valley Lions met in the Cardium Room for their regular third-Tuesday-of-the-month meeting with a fairly good representation of Lions members present and six guests. Guest present were Mr. Larry Zepf, of Pan American, Mr. Jim Mundell of the Edson Health Unit, Mr. Ron Farty, of the Royal Bank of Canada, Mr. Ernest Gill of Northwestern Utilities, Dr. William Burns, newly resident chiropractic doctor in Drayton Valley and from away down in Oceanside, California, Mr. W. A. Stickler.

Following an excellent meal the Rodeo Committee presented the financial statement for various activities undertaken by the Rodeo Committee, starting with a dance in May and culminating in the Rodeo itself. The fine report, prepared by Lion Jim Cumis, sparked a very lively discussion.

A committee was set up to make arrangements for a social night in the near future. Another committee was also appointed to draw up the baseball and football pools.

The club extended a vote of thanks to two men who are not members of the Lions Club, but have loaned painting equipment.

and have helped out for two Saturdays in the Lion Project of painting the hockey rink.

The two men are Mr. Vic Baryl of V.H. Painting and Decorating who loaned his painting equipment for the two days, and Mr. Gladden, of Gladden Signs who loaned his equipment and helped on the project on both days.

The rink has been painted a very pleasing shade of light green.

Hussein Lou Matlock and Bill Davies proudly display the fine bag of water fowl they got in one day shooting at Spaldin, near Youngtown, Alberta. The spot where the boys were shooting was about 35 miles from the W.I.F. Gettitz ranch. Will called Lou about ten o'clock one evening and just before 4 o'clock the next morning they were digging their pits in the flexible field.

This fine bag of 18 geese and 11 ducks rewarded their efforts. One thing that impressed Matlock and Davies was the wonderful hospitality of the folks down in that section of the country.
